Programming Guide

Welcome Message from the SCP President

Dear SCP Family,

Welcome to the Society of Counseling Psychology (SCP) program for the 2022 American Psychological Association Convention in Minneapolis, Minnesota!! FINALLY, we are reunited and it feels so good.

As I reflect on my Presidential year with Division 17, I am so grateful to lead alongside so many amazing leaders, including students and professionals at various career levels. This year has been challenging as we have faced racism, white supremacy, transphobia, homophobia, heterosexism, cisgenderism, sexism, ableism, and the interlocking oppressions that harm those of us with intersectional identities. We are in the midst of a mental health crisis and educational settings and teachers are under attack. Yet, I have seen many in Counseling Psychology dig deeper and use the values and tools of our profession to disrupt, advocate, and act to create transformational change and keep us moving towards social justice, liberation, and healing.

My presidential theme this year has been “Transforming Counseling Psychology through Critical Consciousness and Radical Change.” It is time for us to think critically and act radically if we hope to change the world. Given the current level of harm and the immense need for structural and institutional change, transformation is our only option. Our work with our consultants, Jernigan and Associates has provided invaluable and challenging feedback and input to help us address the ways anti-Black racism shows up in our association and how whiteness is embedded in our structures, practices, and policies. We have engaged in deep discussions about how to center justice and advocacy in SCP. These important dialogues and conversations will be taking place in a variety of ways through our APA sponsored programs and the amazing schedule in our Liberation Lounge.

Our convention program has been curated to highlight this focus on transformation and justice and we hope you will find this first in-person convention in three years to be energizing, thought-provoking, meaningful, and engaging.

- I want to deeply thank our Liberation Lounge Co-chairs, **Drs. Monica Johnson and Lauren Harper** for creating an amazing schedule of important meetings and events as well as innovative and liberatory programs this year. These meetings and programs will provide many opportunities to re-connect and interact with friends and colleagues!

- A special shout out to our 2022 APA Program Co-chairs, **Drs. Batsirai Bvunzawabaya and Collette Chapman-Hilliard** for their vision and leadership in creating an incredibly strong program of symposia and poster presentations at APA. Thank you also to our incoming 2023 Program Co-chairs, Drs. Kodee Walls & Richard C. Zamora for their meaningful vision and contributions.
- If you have not yet registered for the APA Convention, please do so to access these wonderful offerings by our colleagues and students. Thank you also to all of you who submitted proposals and served as reviewers. We have a powerful lineup of programs created through the tireless work of our programming leaders because of your vision!
- I also want to highlight four amazing programs connected to my presidential initiatives that I hope you will check out. Some are APA programs while others will be in the Liberation Lounge. Two of these programs will have hybrid access and we will be providing more information in the near future. The dates and times of these programs are highlighted below.
 - **Protectors, Defenders, and Cultivators of Indigenous Ways of Knowing**
APA Program, Minneapolis Convention Center, Level One, Room 103D
Friday, August 5, 11:00-11:50 am CT
 - **Transforming Counseling Psychology Curriculum and Praxis Showcase (HYBRID ACCESS)**
Liberation Lounge, Hybrid Room (Zoom link TBD)
Friday, August 5, 9:00-10:50 am CT
 - **Reparations in Counseling Psychology: Taking Action (HYBRID ACCESS)**
Liberation Lounge, Hybrid Room
Friday, August 5, 10:00-10:50 am CT
 - **Final report & recommendations from our consultants, Jernigan and Associates (HYBRID ACCESS)**
Liberation Lounge, Hybrid Room
Friday, August 5, 5:00-5:50 pm CT

We are excited to provide spaces and opportunities for students, scholars, practitioners, administrators, advocates, and activists steeped in the values and vision of counseling psychology to interact, dream, and create a profession and a world that is centered in justice, compassion, and transformation.

We are committed with you engaging in Minneapolis and St. Paul in all its glory, including opportunities to partake in restaurants that are BIPOC owned and/or operated. While this is not an inclusive list, it at least gives you a place to start. And while many are not necessarily within walking distance, they are worth the trip. Check the Appendix for a listing of local BIPOC restaurants. Thanks to Bryana French, Jill Fish, and Maurilaurice Hemlock for sharing information with us.

Please join us for three wonderful days in Minneapolis! Thank you for making SCP an amazing community!

In Solidarity,

Amy
